Window Furnishings

The finest  
blind of  
its kind

by

## Roman Blinds

For a contemporary look that combines soft fabric panels with a functional operating system, Shaderite Roman Shades are the ideal window covering solution for any home.

Shaderite roman shades are available with a 25mm venetian headrail, timber head or chain drive with a control style for every application. All Roman Shades are available with white aluminium extrusions or timber battens at no extra cost.

## Features

Contemporary & functional.

Superior cord lock & pulley operation.

Self aligning cords.

Aluminium or timber 'no sew' battens.

Australian Made fabric range.

Various privacy levels.

## Benefits

Combines the look of soft fabric panels with a practical operating system.

Ease of operation for the user.

Reduces the incidence of skewing when raising & lowering the shade.

Aluminium will not warp & fabric will not have pin holes like some sewn in battens.

Fabrics are Australian Made or Woven in Australia & meet all Australian Standards for the highest colour fading resistance.

Choose from a wide selection of room darkening or light filtering fabrics which include our increasingly popular sunscreen options, which allow you to enjoy your view whilst providing a level of day time privacy.
